We've reached the season when the cold sinks into our bodies.

The preparations for the Christmas illuminations in Okayama City are currently progressing, and the light-up ceremony for Momotaro Fantasy 2018 will take place on Friday, November 30 in Okayama Station Square. There will also be a light-up event along Nishigawa Ryokudokoen, so please enjoy the illuminations, getting even more amazing year by year, and Okayama at night.
